MEMBER

## L'éditorial

Dear Customer,

This first part of our flyer is usually reserved to our President, Mr. Christophe Bevillard but, exceptionally, I would like to address this editorial and furthermore introduce myself as their new  Product Director, **CUTTING TOOLS** .

If we want to be honest, Ficodis' name was not really known by most of us only 5 years ago but, because of their quick growth and recent acquisitions within our local market, Ficodis is now a well-established company in the Canadian Market and consequently their consolidated sales volumes today are even higher than most reputed carbide suppliers.

**Metrology** has always been an integrated part of our business, and because of this new volume consolidation generated by the Ficodis Group related to **Mitutoyo** Products, we can now offer low attractive pricing and can be extremely competitive with your current Mitutoyo supplier... This is an advantage we certainly didn't have in the past.

Consequently, I have the honor to introduce our first flyer "**THE MEASURING ESSENTIALS**" which regroups the most popular measuring instruments related to this prestigious/ high-quality brand. This flyer will give you an idea of what we can supply quickly from any of our locations. First and foremost, we are strongly suggesting keeping this flyer handy for any of your future product requirements.

Please don't hesitate to communicate with any of our locations to find out why we should be at the top of your list when a **Mitutoyo** product is required!

This program integrates itself into Ficodis' long established moto; EXPERTISE-QUALITY-INNOVATION. Once again, we will meet your expectations.

*Robert Renaud*  
Product Director  
CUTTING TOOLS

Despite the care that has been dedicated to the preparation of this document, errors could have occurred. In case of disparity between the prices of the showcased items in the magazine and those displayed in store, the latest will prevail.

## New ABS Digimatic Caliper CD-AX/APX Series

500-196-30  
0000027442

0-6" .0005"/0.01mm

500-197-30  
0000027443

0-8" .0005"/0.01mm

500-193  
0000094315

0-12" .0005"/0.01mm

A new series of cost-effective standard digimatic caliper born of Mitutoyo's ground encoder Technologies developed over the last 30 years. Now equipped with the sae AOS (Advanced Onsite Encoder) induction type encoder used in top-of-line ABS coolant proof calipers

**Mitutoyo**

## Coolant Proof Caliper IP67 Absolute

500-752-20  
0000095257

Range : 0-6"/0-150mm  
Accuracy : .001"/0.02mm  
Résolution : .0005"/0.01mm  
Without SPC data output  
(Sans sortie des données)

500-753-20  
0000095258

Range : 0-8"»/200mm  
Accuracy : .001"/0.02mm  
Résolution : .0005"/0.01mm  
Without SPC data output

500-754-10  
0000027445

range 0-12"/0-300mm  
accuracy .0015"  
Resolution .0005"/0.01mm  
Without SPC data output  
(Sans sortie des données)

ABS Coolant Proof Caliper with dust/water protection conforming to IP67 level. Can be used in workshop conditions exposed to coolant, water, dust or oil. 100% air-leak test ensures every caliper conforms to IP67

**Mitutoyo**

## Hardened Combination Square 12"

180-905B  
0000027407

Blade size : 12"  
Type : 4R  
inclus/includes :  
180-501B blade  
180-102B Square head  
180-202B Center head  
180-301B Protractor head cast iron not hardened

Three measure heads are attached to the stainless steel rule (blade) allowing versatile measurements on various types of workpieces

**Mitutoyo**

## Wide Rigid steel rule 6"

graduations: 1/8", 1/16", 1/32", 1/64"  
Range : 6" (4R)  
Width : 3/4"

182-101  
0000027410

A Mitutoyo stainless hardened and tempered.  
Clear graduations on satin-chrome finish

**Mitutoyo**

## Full flexible steel rule 6"

graduations: 1/8", 1/16", 1/32", 1/64"  
Range : 6" (4R)  
Width : 1/2"

182-201  
0000075140

Stainless hardened and tempered.  
Clear graduations on satin-chrome finish

**Mitutoyo**

## Dial Indicator 1" .001 Range 0-100 Lug Back Series 2

graduation : .001"  
Range : 1"  
Type : w/lug  
dial reading : 0-100  
stem : 3/8" dia.

2416S  
0000027428

**Mitutoyo**

## Horizontal Type Dial Test Indicator .03"

graduation : .0005"  
dial reading : 0-15-0  
Range 0-.030"

513-412-10T  
0000095403

Performs easy and accurate measurement  
of narrow or recessed areas,  
plus inside and outside  
diameters that dial indicators  
cannot access

**Mitutoyo**

## Magnetic Stand

7010SN  
0000027451

Stem mounting : 3/8", 4mm & 8mm  
Magnetic force : 600N Vertical  
retractable force  
Base size : 50 x 60 x 55mm

A magnetic Mitutoyo stand that uses  
a switchable permanent Magnet for convenient mounting  
onto flat iron or steel surfaces.  
The arm can be mechanically locked in any position using the knob on the upright

**Mitutoyo**

### Outside Mechanical Micrometer with Ratchet stop 0-1"

Range : 0-1"  
Graduation : .0001"

103-177  
0000095404

Outside Micrometer with carbide faces locking clamp.  
Ratchet stop for exact repetitive readings.  
Backed Enamel finished frame.  
Clear graduations on satin chrome finish

**Mitutoyo**

### Outside Mechanical Micrometer with Ratchet stop 1-2"

Range : 1-2"  
Graduation : .0001"

103-178  
0000095405

Outside Micrometer with carbide faces locking clamp.  
Ratchet stop for exact repetitive readings.  
Backed Enamel finished frame.  
Clear graduations on satin chrome finish

**Mitutoyo**

### Outside Mechanical Micrometer with Ratchet stop 2-3"

Range : 2-3"  
Graduation : .0001"

103-179  
0000095406

Outside Micrometer with carbide faces locking clamp.  
Ratchet stop for exact repetitive readings. Backed Enamel finished frame.  
Clear graduations on satin chrome finish

**Mitutoyo**

### Outside Mechanical Micrometer set with Ratchet stop 0-3"

Range : 0-3"  
Graduation : .0001"

103-929  
0000095407

Outside Micrometer with carbide faces locking clamp.  
Ratchet stop for exact repetitive readings.  
Backed Enamel finished frame.  
Clear graduations on satin chrome finish

**Mitutoyo**

## Dial Caliper 0-6"

Range : 0-6"  
One Revolution : 0.1"  
graduation : .001"

505-742  
0000095408

The Dial Caliper has an improved finish on sliding surfaces for longevity and is designed to have ultra smooth sliding and high shock protection.

**Mitutoyo**

## Depth Micrometer set 0-6" .001" 4" base

Range : 0-6"  
graduation : .001"

129-132  
0000095409

Ratchet stop for consistent and repetitive measurements. .157" dia. interchangeable rods, with lapped measuring end, are calibrated and tested at the factory. The rod length can be adjusted, to compensate wear on the measuring tip.

**Mitutoyo**

## Telescoping Gage Set 5/16 to 6" 6pcs

Range : 5/16 to 6"

155-903  
0000095410

The Mitutoyo Telescoping gage set contains 6 gages with a measuring range of 5/16 to 6".

The spring loaded plunger expands with the bore, or groove, allowing determination of the internal diameter or groove width

**Mitutoyo**

## Unified Screw Pitch Gage 4-84 Tpi 51 Leaves

4-84 TPI  
51 Leaves'

950-253  
0000095411

Pitch gage set 4-84 Tpi, 51 Leaves, Unified 60 deg.  
Thread pitch size is stamped on each gage.  
Unified screw pitch gage.

**Mitutoyo**

## Interchangeable Micrometer 2-12" Range - 5 Rods

range : 2-12"  
graduation : .001"

141-233  
0000090412

Inside Micrometer with interchangeable rods has a measuring range of 2-12" with a .5" micrometer head travel and includes 5 rods.  
The interchangeable rods provide a wide range of inside measurements. Each is marked with its measuring range and the sizes of rods.  
Can be adjusted with spacing collars

**Mitutoyo**

## Radius Gage Set 25 leaves

186-901  
0000095412

1/64" to 17/64" by 64th and 9/32 to 1/2"  
by 32nds, 5 Radii by leaf.  
Furnished with a 4" long holder to make it possible to check radii in confined or hard to reach locations
